WHAT IS OVERDRAFT PROTECTION?

Overdraft Protection services apply to all types of transactions and may help protect your account from being overdrawn by automatically transferring funds to your checking account from another account or line of credit you may have at First Southern Bank, for a fee or finance charge. Please note that overdraft lines of credit are subject to credit approval.

WHAT IS OVERDRAFT PRIVILEGE?

Overdraft Privilege allows you to overdraw your account up to the disclosed limit for a fee in order to pay a transaction.

First Southern Bank may provide you a \$100 Overdraft Privilege limit for eligible checking accounts at account opening. If your consumer account remains in good standing for 30 days, this limit may be increased up to \$500. If your business account remains in good standing for 60 days, this limit may be increased up to \$1,000. You will receive a letter informing you if the

WHAT TYPES OF TRANSACTIONS DOES OVERDRAFT PRIVILEGE COVER?

The types of transactions covered by Overdraft Privilege depend on the coverage selected. See the chart to the right for more information.

If you choose Extended Coverage, all the transaction types listed in Standard Coverage are included, along with ATM withdrawals and everyday debit card transactions. First Southern Bank will not authorize overdrafts for everyday debit card and ATM transactions on consumer accounts unless you give us your consent to pay these overdrafts by electing Extended Coverage. Business accounts automatically have Extended Coverage.

Overdraft Privilege limit has been increased on your account. Even if you have overdraft protection, such as a transfer from another account, Overdraft Privilege is still available as secondary coverage if the other protection sources are exhausted.

Please be aware that the Overdraft Privilege amount is not included in your balance provided through online banking, telephone banking or First Southern Bank ATMs.

HOW MUCH DOES OVERDRAFT PRIVILEGE COST?

There is no fee for having Overdraft Privilege unless you use it. The Overdraft Fee of \$35 will be imposed for overdrafts created by checks, ACH, point-of-sale, ATM withdrawals, in-person withdrawals, or by other electronic means. If multiple items would overdraw your account on the same day, each item would be assessed the appropriate fee. This is the same fee that First Southern Bank charges for items returned to the payee due to insufficient funds.

The maximum amount of Overdraft fees that we will charge to your consumer account is \$210 per day. We will not charge an Overdraft Fee if your consumer account is overdrawn by \$10 or less. These exceptions do not apply to business accounts.

All fees and charges will be included as part of the Overdraft Privilege limit amount. Your account may become overdrawn in excess of the Overdraft Privilege limit amount as a result of the assessment of a fee. The total negative balance, including all fees and charges, is due and payable upon demand. Depositor and each Authorized Signatory will continue to be liable, jointly and severally, for all such amounts, as described in the Deposit Account and Disclosure Agreement.

WHAT IF I DON'T WANT OVERDRAFT PRIVILEGE?

You can request to discontinue the Overdraft Privilege service in its entirety at any time by contacting us at 912-490-1010 or sending us an email at customerservice@firstsouthernnga.com Without Overdraft Privilege, your insufficient funds items will be returned to the payee and/or declined at the point of purchase, unless you have Overdraft Protection available to cover the item(s). You will be charged the standard return fee of \$35 for all returned items.

WHAT ELSE DO I NEED TO KNOW?

- ★ We post items in the following order: 1) Credits, 2) Withdrawals, 3) ATM and debit card transactions, 4) ACH debits (low to high by dollar amount), 5) Checks (check number order). The order in which transactions are posted may impact the total amount of overdraft or return fees assessed.
- ★ A single larger overdraft will result in just one fee, as opposed to multiple smaller overdrafts.
- ★ Although under payment system rules, First Southern Bank may be obligated to pay some unauthorized debit card transactions, First Southern Bank will not authorize debit card or ATM transactions unless there are sufficient available funds (including overdraft coverage) to cover the transactions and the amount of any fee(s).
- ★ Giving us your consent to pay everyday debit card and ATM overdrafts may result in you incurring overdraft fees for transactions that we would otherwise be required to pay without assessing an overdraft fee. However, this may allow us to authorize transactions up to the amount of your Overdraft Privilege limit and may also help you avoid overdrafts in excess of your available funds that could result in restriction of your debit card.
- ★ Except as described in this brochure, First Southern Bank will not pay items if your account does not contain available funds (including the Overdraft
